Are Division Order calculations automatic?	<input checked="" type="checkbox"/>					
Is there an AUDIT-REPORT that helps you determine whether your lease setup is correct?	<input checked="" type="checkbox"/>					
Are the reports accurate? (ask the customers, not the company)	<input checked="" type="checkbox"/>					
Can it generate mineral ownership reports?	<input checked="" type="checkbox"/>					
Are acreage inventory reports for overlapping, multi-depth leases accurate?	<input checked="" type="checkbox"/>					
Does it link to a GIS mapping system?	<input checked="" type="checkbox"/>					
Does the mapping system pull map reports from the land management system?	<input checked="" type="checkbox"/>					
Does the land management system automatically display related mapping polygons?	<input checked="" type="checkbox"/>					
Can I set up either the lease or tract first as I have the information?	<input checked="" type="checkbox"/>					
GIS Mapping Capabilities?	YES					
Data "bridge" to which accounting system?	YES / Wolfepak					
Data import capabilities	YES / use predefined Excel wks					
Data Export capabilities	YES export to Excel					
Print "original" leases from your lease data?	YES / output to MS-Word predefined lease templates					
Mass-update capabilities	YES. Mass update leases and wells.					
Auto calculation of Division Orders?	YES					

MULTI-USER LICENSES	VISUAL LANDPRO		
Add'l fee to install on more than 1 PC?	YES		
Are multi-user licenses available?	YES		
Is the license activated on a per-PC basis?	YES		
Can a license be installed on laptops?	YES, if you purchase the additional license for the laptop.		
View-Only licenses available?	YES		

SECURITY ISSUES	VISUAL LANDPRO		
Are view-only licenses available?	YES		
Can you restrict access to certain reports, tools, or record types?	YES, on a "per-user-group" basis.		
Can you lock specific users out of items such as: 1. Generating or modifying checks 2. Mass-updating records 3. Deleting records 4. Modifying existing record 5. Accessing certain reports	YES TO ALL (1-5)		

BASIC GENERAL QUESTIONS	VISUAL LANDPRO		
Can leases be assoc. with 2+ tracts?	YES		
Can leases be assoc. with 2+ lessors?	YES		
Can payment obligations be setup as recurring, specific to each date, or both?	BOTH		
GIS-MAPPING SPECIFIC QUESTIONS			
Can tracts (or subtracts) link to polygons in SHAPE files (.SHP)	YES – we link "subtracts", then items associated to subtracts are automatically mapped.		
Do you need ARCVIEW to use the GIS Mapping system?	NO. We wrote our own tools from scratch to give us more flexibility. We do allow maps to be "exported" into ArcView.		
What type of GIS file formats can it read?	SHP EFF (Everest GIS Files) DXF (AutoCAD) DXF (DrillingInfo) (*) BAS (Tobin) CDF (Geographix) DAT (Geographix Landgrid Files)		
GIS file formats (continued)			

	<p>TDB (Geo Tile Database) TDRBM II (Tobin) XLS (Dwights Well Data) XLS (Excel Files) WCS (Tobin Well File) Georeferenced Images (JPG, TIF, GIF, BMP, etc) * Online GIS Services (GlobeXplorer, Virtual Earth, LandProLive, etc) (*) <i>Monthly Subscription Fees may apply</i></p>		
<p>Once the subtract is associated with the polygon, what maps can be “automatically” created in the land system?</p>	<p>Prospects, Units, Wells, Leases, Tracts, Properties, Contracts. Can also generate maps on a per-owner basis.</p>		
<p>When a map is automatically generated, can I add additional layers?</p>	<p>YES / any layer that our software supports can be added at any time onto any map.</p>		
<p>What other “specialty” maps can be “automatically” generated in the land system?</p>	<p>MAPS FOR: Exhibit A's Lease Acreage Reports Lease Schedule by Tract Leasehold Summary Rpt Subtract Acreage Rept Tract Acreage Rept Mineral Ownership Status Partner Position Acreage Formation Acreage Twp-Rng-Sec Acreage Delay Rental Checks Rental Receipts Payment Obligations DOI Exhibits Mining Production Status Mining Apply Pmnt Status Special Obligations Lease NRI Status</p>		
<p>For each of the maps above, what “quick filters” (aka VIEW-PROVIDERS) can be set?</p>	<p>VIEW PROVIDERS for: Mineral Owner Status Tract Status Leased by us Leased by others Leased by us and oth. Unleased / Open Lease Expirations By Year By Month By Quarter Combo (Yr + Quarter) Lessees Tract GIS Cross-Ref's Special Provisions</p>		

DATA ENTRY CAPABILITIES	VISUAL LANDPRO		
Are any tools available to quickly setup leases, faster than entering each record/field one by one?	YES. User-friendly "wizards" walk you through the basic lease setup process.		
What mass-update tools are available?	Leases Wells Owner Id Number change		
Interest conveyance process	Enter a chain-of-title instrument, run auto-update wizard to convey the grantor's interest to all grantees, automatically		
What import / export capabilities are available?	Import from Oildex? Import from Brokermate360? Import from Excel? Various Excel Exports, Grid data can export also to MS-Word directly.		
Can it copy / duplicate Leases, Tracts, Properties, Contracts, Name & Addr, DOI's, Mineral Ownership Records?	YES to ALL		
Can it export data from a vendor's database to the same vendor / different database?	YES. This is done via an export to Excel and then an import from Excel in the target database.		
Basic Steps	1. Name & Addresses * 2. Prospects * 3. Survey/Twp-Rng-Sec * 4. Lease Forms * 5. Tracts/Min.Ownership * 6. Setup Leases (* Note: can setup any of these while entering leases)		

REPORTS (GENERAL)	VISUAL LANDPRO		
What "DATA SHEETS" are available?	Lease, Contract, Tract, Prospects, Well, Unit, Owners , Twp-Rng-Sec Data Sheets		
Do lease acreage "grand totals" match when the same report is run in different sorting sequences?	YES		
How many "canned" reports do you have?	270+, plus use DilMad Report Writer (optional) to create additional custom reports if needed.		
Can most canned reports be modified by the end-user?	YES		
Are acreage reports available in different sorting sequences?	YES, most of them.		
Is there an easy way to "exclude" specific records from report filters?	YES, simply uncheck the records you don't want to include.		

BASIC REPORTS	VISUAL LANDPRO		
Are lease data sheet easy to read / comprehensive?	YES. User can even specify sorting sequence of individual data bands.		
Are lease data sheets "user-modifiable"?	YES, but we strongly recommend that you don't. Still, you can show/hide individual data bands		
Are most reports user modifiable?	YES. First you right-click on the report name and "copy" it. Then we allow you to edit the new report

Mineral Ownership Reports, by tract	YES		
Mineral Ownership Reports, by owner	YES		
Mineral Ownership Reports, by lease	YES		
Special Provision Reports	YES. Show Leases, Contracts, Wells, Units, Properties associated with individual provisions.		
Acreage Reports – by Lease	YES		
Acreage Reports – by Tract	YES		
Acreage Reports – by Well	YES (see subtract acr. Report)		
Acreage Reports – by Unit	YES (see subtract acr. Report)		
Acreage Reports – by Owner	YES (see Partner Position Acreage Rept)		
Acreage Reports – by State + County	YES (see Lse Acr Rept or Tract Acreage Rept)		
Acreage Reports – by District	YES (see Lse Acr Rept)		
Acreage Reports – by Region	YES (see Lse Acr Rept)		
Acreage Reports – by Twp-Rng-Sec	YES		
Acreage Reports – by Formation	YES		
Acreage Reports – by Expiration Date	YES (see Lse Acr Rept)		
Acreage Reports – by Lessee	YES (see Lse Acr Rept)		
Acreage Reports – Summary Style	YES (Lease Acreage Summary Report)		
EXHIBIT A's – Worksheet Style	YES		
Exhibit A's – Form Style	YES		
Exhibit A's – Paragraph Style	YES		
Exhibit A's – by Lease	YES		

Exhibit A's – by Well (showing all leases associated with individual wells)	YES		
Exhibit A's – by Property (showing "properties" rather than leases)	YES		
Exhibit A's – Export to Excel (for further cleanup in Excel)	YES		
NET REVENUE INTEREST Status Report by Lease	YES. Shows the lease detail NRI in each tract associated to the lease.		
Can payment obligations be setup as recurring, specific to each date, or both?	BOTH		
Can acreage reports be grouped by Prospect, by State + County, by Lease, by Expiration date, by Tract?	YES to all.		
Are Mineral Ownership Reports available?	YES		
Can it CALCULATE Division Orders "automatically"?	YES (optional module)		
Can setup ORRI, NPRI, ROYALTIES burdening ALL W.I. participants AND/OR specific W.I. Participants?	YES to all.		
Can setup W.I. decks and ROY/ORRI's specific to certain depths or formations?	YES		
...specific to certain MINERAL TYPES?	YES		
...specific to certain PAYOUT STATUS?	YES		
...specific to certain TIME PERIODS?	YES		
Does the system warn you when your interests are out of balance?	YES. See AUDIT Report, and/or when you open a W.I. Deck record.
